Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

LIST OF PAPERS.

PAGE.

AARON, S. FRANK.

The North American Chrysididæ 209

ASHMEAD, WM. H.

A Bibliographical and Synonymical Catalogue of the North American Cynipidæ, with description of new species . 291

On the Cynipidous Galls of Florida, with descriptions of new species v

Studies on the North American Chalcididæ, with descriptions of new species from Florida x

BLANCHARD, FREDERICK.

On the species of Canthon and Phanæus of the United States, with Notes on other genera 163

HAGEN, Dr. H. A.

Monograph of the earlier stages of the Odonata, sub-families Gomphina and Cordulegastrina 249

HORN, GEO. H., M. D.

A study of some genera of Elateridæ 33

A study of the species of Cryptobium of North America. 85

Studies among the Meloidæ 107

Descriptions of new North American Scarabæidæ . . 117

Contributions to the Coleopterology of the United States, No. 4 128

Descriptions of some new Cerambycidæ with notes . . 173

Synopsis of the Throscidæ of the United States . . 198

LECONTE, JOHN L., M. D.

Short studies of North American Coleoptera, No. 2 . 1

SMITH, JOHN B.

Notes on the Systematic position of some North American Lepidoptera 77

WILLISTON, S. W., M. D.

On the North American Asilidæ, Part 2 53

INDEX.

The names of new genera and of new species are followed by the name of the Author.
